

## **2019 WINTER NEWSLETTER**

Greetings,

I hope this finds you wintering well and are happy and healthy.

We will be attending and exhibiting our Montana YewTip® Products again this year at the Natural Products Expo West Tradeshow in Anaheim, CA on March 6<sup>th</sup>, 7<sup>th</sup>, 8<sup>th</sup>. Our booth will be located in the Anaheim Convention Center, North Hall Level 100 in the *Hot Products* pavilion, booth# N1237. If you are attending Expo West, please stop by for a visit, our staff is excited to meet you and ready to discuss the unique benefits of Montana YewTip® Products. We are offering free shipping on all orders placed at the show. Also feel free to checkout our new beautiful website and experience easy check out options.

Late in 2018, I got something done I've wanted to do for many years; a complete Vitamin and Mineral Analysis done by a qualified laboratory on our YewTip Capsules and Tincture. We tested for 47 different vitamins, minerals, sterols, and flavonoids, which is the very first time this work has been done with Pacific Yew (*Taxus brevifolia*). I love doing things that have never been done before. I had always suspected the YewTIPS contained Vitamins and Minerals and was pleasantly surprised to see 44 of the 47 Nutrients present in our YewTip Capsules and Tincture. Wow, I wonder how many plants on earth can do this; I suspect not many, if any. The laboratory analysis reports are now available on our new website under the plant profile section and help explain the beneficial health properties of Montana YewTip®s.

I encourage you to check it out, it's very interesting. Keep in mind the analysis was done for one Lot Number of Capsules and Tincture and amounts will vary somewhat from batch to batch, which is normal for natural products.

Stay warm and take care.

Yewthfully yours,

Rus Willis- President &  
Chelsey Buckner- Chief Operating Officer and Daughter
